¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

The role and responsibilities of these committees are set out in each Board Committee Charter and summarized in Principle 2 and Principle 4 of this statement, respectively.

ROLE OF MANAGEMENT

Day to day management of the Group's operations and the implementation of the corporate strategy and policy initiatives are delegated by the Board to the Chief Executive and the executive team.

Specific limits of authority delegated to the Chief Executive and senior executive team are outlined in a formal delegation of authority policy, which has been approved by the Board.

DIRECTOR SELECTION AND APPOINTMENT

The Company conducts appropriate checks before it appoints a person or puts forward to shareholders a new candidate for election as a Director. These include checks as to the person's character, experience, education, criminal record, bankruptcy history, probity and any other relevant matters.

The Company also provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director in the notice of meeting provided to shareholders. This includes information relevant for shareholders to be able to assess each Director's skills and competencies, industry experience, time commitments, current directorships, and other relevant information in their consideration of that election, including any other interest, position or relationship that might influence on their ability to bear on issues before the Board and to act in the best interests of the Company as a whole rather than in the interests of an individual shareholder or other party.

WRITTEN AGREEMENTS WITH DIRECTORS AND SENIOR EXECUTIVES

The Company has a written agreement with each Director and senior executive setting out the terms of their appointment.

The roles and responsibilities of each non-executive Director is set out in their letter of appointment, which the Director receives and commits to on their appointment. The letter of appointment specifies the time commitment, expectations in relation to committee work or any other special duties attaching

to the Director's position, reporting lines, remuneration arrangements, disclosure obligations in relation to personal interests, confidentiality obligations, insurance and indemnity entitlements and details of the Company's key governance policies. A copy of the key governance policies are available at www.mesoblast.com.

Each executive Director and senior executive has entered into a service contract that sets out the material terms of employment, including a description of position and duties, reporting lines, remuneration arrangements and termination rights and entitlements. Further details on arrangements which apply to each executive Director and those senior executives who are designated key management personnel can be found in Item 6 of Form 20-F contained within our Annual Report.

COMPANY SECRETARIES

The Company Secretaries are accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretaries assist the Board in its effectiveness by monitoring that Board policies and procedures are followed and by coordinating the timely completion and dispatch of the Board agenda and supporting papers. The Directors have direct access to the Company Secretaries who regularly communicate with them through email, by telephone and in in-person meetings.

DIVERSITY

The Group values diversity and recognizes the benefits that diversity can bring to the organization's ability to achieve its goals. Diversity can lead to a competitive advantage through broadening the talent pool for recruitment of high quality employees, by encouraging innovation and improving a corporation's professionalism and reputation. Accordingly, the Group is committed to promoting diversity within the Group and has adopted a formal policy outlining the Group's diversity objectives.

A copy of the diversity policy is available at www.mesoblast.com.

With respect to gender diversity, the Group has set the following objectives:

- 1) aim to increase the number of women on the Board of Directors as vacancies arise and circumstances permit;
- 2) aim to increase the number of women who hold senior executive positions as vacancies arise and circumstances permit; and
- 3) ensure the opportunity exists for equal gender participation in all levels of professional development programs.

The Group is committed to developing a workplace that promotes diversity by acting in fairness and without prejudice. The Group's policy is to recruit and manage on the basis of competence and performance regardless of age, nationality, race, gender, religious beliefs, sexuality, physical ability or cultural background. Accordingly, the Group has not established measurable objectives or number targets for achieving gender diversity.

The following table reports the Group's progress towards achieving its gender diversity objectives for points one and two above. In regard to point three, the Group ensured that an equal opportunity existed for gender participation in all levels of professional development programs during the financial year. For completeness, as at 30 June 2022, the Group had 77 employees, of which 40 (52%) were female.

Category	Number of women at 30 June 2022	Number of women at 30 June 2021	Increase/ (Decrease)
Board of Directors	1	1	–
Senior executive positions*	3	2	1

* A senior executive position is one held by an executive who reports directly to the Chief Executive. Approximately 33% of senior executive positions are held by women. In FY22, 100% of all vacant executive positions have been filled by women.

The Board is conscious of the gender imbalance at board level (with only one of the six non-executive directors being female) and has an objective to increase this number as vacancies arise and circumstances permit. On 18 August 2022, Jane Bell was appointed as a non-executive member of the Board, pending shareholder approval at the 2022 annual general meeting.

The Board has delegated the responsibility for reviewing and reporting on diversity, specifically gender diversity, to the Nomination and Remuneration Committee.

BOARD PERFORMANCE EVALUATION

The performance of the Board, its committees, individual Directors and senior management is reviewed periodically. A copy of the Group's performance evaluation process is available at www.mesoblast.com. A performance evaluation was undertaken in accordance with that process this financial year. This review encompasses feedback on the Chair and individual non-executive Directors as well as consideration of Board succession planning, diversity, and the breadth and sufficiency of skills represented on the Board. The results of the review were discussed by the Board, for the purpose of confirming that the Board continues to function in an appropriate manner.

The Board also carries out informal performance monitoring sessions at each quarterly meeting of the Board. In addition, Directors are encouraged to raise any issues or concern regarding the performance of the Board, Board committees or individual Directors with the Chair, or if the concern relates to the Chair, with the Chair of the Audit and Risk Committee.

SENIOR EXECUTIVE PERFORMANCE EVALUATION

The process for assessing performance of the Chief Executive and the senior executive team is described in the Remuneration Report. A performance evaluation for senior executives, which accords with the process

described in the Remuneration Report, was undertaken with respect to the financial year ended on 30 June 2022.

PRINCIPLE 2. STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

NOMINATION AND REMUNERATION COMMITTEE

The Board has established a Nomination and Remuneration Committee to assist it in the discharge of its responsibilities, and in particular to ensure that appointments to the Board are subject to formal, rigorous and transparent procedures in order to create an environment where the Board can carry out effective and responsible decision making and oversight. The main responsibilities of the committee are to:

- conduct reviews of the membership of the Board having regard to present and future needs of the Company and to make recommendations on Board composition, appointments and reappointments;
- conduct reviews of and determine the independence of each Director;
- propose candidates for Board vacancies;
- oversee annual executive performance evaluations, including recommendations for long and short term incentive grants as well as pay reviews;
- oversee Board succession, including the succession of the Chair, and review whether succession plans are in place to maintain an appropriately balanced mix of skills, experience and diversity on the Board;
- manage the processes in relation to meeting Board diversity objectives;
- oversee senior management succession plans; and
- assess the effectiveness of the Board induction process.

The Nomination and Remuneration Committee operates in accordance with its charter which sets out its roles and responsibilities, composition, structure and membership requirements. A summary of the Nomination and Remuneration Committee charter is available at www.mesoblast.com.

The following independent Directors are the members of the Nomination and Remuneration Committee as at 30 June 2022:

Name	Position held during the year
William Burns	Independent chair
Joseph Swedish	Independent member
Michael Spooner	Independent member
Shawn Cline Tomasello	Independent member ¹

1 Ms Shawn Cline Tomasello resigned from the Board and the Nomination and Remuneration Committee in August 2022.

The details of the meetings attended by each member of the Nomination and Remuneration Committee during the 2022 financial year are set out in Item 6.A of Form 20-F contained within our Annual Report.

BOARD SKILLS MATRIX

The Company has developed a skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership. The skills matrix helps to identify any gaps in the collective skills of the Board that can then be addressed through professional development initiatives for Directors and in Board succession planning. The Nomination and Remuneration Committee regularly reviews its skill matrix to make sure it covers the skills needed to address existing and emerging business and governance issues relevant to the Company.

The skills and experience that the Board has, and continues to add to its membership, are in the areas of, but not limited to:

- Industry experience: pharmaceutical/ biotechnology product development – substantial experience in the drug investigation, testing and development process;
- Industry experience: pharmaceutical/biotechnology commercialization and regulatory – substantial experience in the drug commercialization process including clinical trials and path to regulatory and pricing approval;
- Industry experience: pharmaceutical/biotechnology manufacturing and supply – substantial experience in the global manufacturing, quality control and supply of approved pharmaceutical products;
- Executive management and leadership: substantial experience in managing and leading organizations at senior executive and board levels;
- Global business/commercial experience: substantial experience in senior executive roles for businesses operating across multiple global locations;
- Strategy: substantial experience in the development and implementation of strategic direction and plans to deliver investor returns over time;
- Corporate financing, mergers and acquisitions: substantial experience in capital raisings, mergers and acquisitions of companies and complementary technologies;
- Financial and risk management: expertise and experience in audit, financial accounting and reporting, internal controls, financial disclosure and industry taxation;
- Human resources: substantial experience in stakeholder management, oversight of remuneration, incentives, equity programs, benefits, employment contracts and workplace health and safety;
- Corporate governance: substantial experience in public entity disclosure, management oversight and inquiry, listing rules and compliance; and
- Medical/healthcare leadership: substantial leadership experience in healthcare organizations and/or integrated healthcare delivery.

Each of these skills is well represented on the Board.

INDEPENDENT DIRECTORS

With the exception of our Chief Executive and Chief Medical Officer (who are executive directors), as at 30 June 2022, the Board was comprised of independent Directors, namely:

- Mr William Burns;
- Mr Michael Spooner;
- Mr Joseph R. Swedish;
- Dr Philip Krause;
- Ms Shawn Cline Tomasello¹; and
- Mr Philip J. Facchina.

A Director is considered independent if he or she is a non-executive Director and is free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board. The Board considers the factors set out in the ASXCGPR and outlined below when assessing the independence of each non-executive Director, being whether the Director:

- is, or has been, employed in an executive capacity by the Group and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- receives performance based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, the entity;
- is, or has within the last three years been, a partner, director, senior employee or consultant of a provider of material professional services to the Group;
- is, or has been within the last three years, in a material business relationship (eg, as a supplier, professional advisor, consultant or customer) with the Group, or is an officer of, or otherwise associated with, someone in such a relationship;
- is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial security holder of the Group;
- has a material contractual relationship with the Group other than as a Director;
- has close personal ties, which may be based on family, friendship, or other social or business connections, with any person who falls within any of the categories described above; or
- has been a Director of the Company for such a period that their independence from management and substantial holders may have been compromised.

The Board at least annually assesses the independence of its non-executive Directors. To enable this assessment of independence, the Company maintains a conflicts of interest register, and the Directors must provide all information that may be relevant to the assessment at the earliest opportunity.

As part of its annual assessment of independence for the 2022 financial year, the Board gave specific consideration to:

- the fact that our non-executive Directors have received options under our employee incentive scheme;
- the independence of Mr Spooner, who performed the role of Executive Chair from August 2005 to November 2007, at which time he resigned but remained a Director, and also due to Mr Spooner having a tenure of 17 years and 9 months as at 30 June 2022 (with 14 years and 7 months as a non-executive Director);
- the independence of Mr Facchina, who is Chief Strategy Officer of SurgCenter Development. SurgCenter Development is not a security holder in Mesoblast. However, some of its principals were lead investors in Mesoblast's successful US\$110 million private placement completed in March 2021 and successful US\$65 million private placement completed in August 2022.

With respect to the options previously granted to non-executive Directors, it is the Board's view that these options will not interfere with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Group as a whole. It is noted that the options granted to non-executive Directors, unlike other options granted to employees, are not subject to any performance or service conditions or hurdles.

With respect to Mr Spooner's former role as Executive Chair and his continuation on the Board, the Board maintains the view that he remains an independent Director on the basis that the Group has significantly expanded its operations since he held an executive role more than ten years ago.

With respect to Mr Spooner's tenure on the Board, the Board considers that Mr Spooner is an independent Director on the basis that he continues to bring valuable expertise, independent judgement and has not formed associations with management or others that might compromise their ability to fulfil their role as an independent Director.

With respect to Mr Facchina, the Board considers that Mr Facchina brings independent judgement, experience and expertise to the Board on behalf of all shareholders and that he does not represent the interests of any particular shareholder or group of shareholders.

CHAIR

The Chair is responsible for leading the Board and for the efficient organization and conduct of the Board.

The role of the Chair more specifically is to ensure Directors are properly briefed in all matters relevant to their role and responsibilities, to facilitate Board discussions and to manage the Board's relationship with the Chief Executive and executive team. In accepting the position, the Chair has acknowledged that it will require a significant time commitment and has confirmed that other positions held will not hinder his effective performance in the role of Chair. The Chair, Mr Joseph R. Swedish, is considered an independent Director.

TERM OF OFFICE

The Company's constitution specifies that no Director, except the Chief Executive, may hold office for a period in excess of three years, or beyond the third Annual General Meeting following the Director's election, whichever is the longer, without submitting himself or herself for re-election.

The term in office held by each Director in office as at 30 June 2022 is as follows:

Director	Term as director	Position held at 30 June 2022
Joseph Swedish	4 years	Independent Chair
William Burns	8 years and 3 months	Independent vice-Chair
Silviu Itescu	18 years	Executive Director
Michael Spooner	17 years and 9 months	Independent Director
Eric Rose	9 years and 2 months	Executive Director
Shawn Cline Tomasello ²	3 years and 11 months	Independent Director
Philip Facchina	1 year and 3 months	Independent Director
Philip Krause	3 months	Independent Director

BOARD INDUCTION AND PROFESSIONAL DEVELOPMENT

All new Directors participate in an informal induction program which covers the operation of the Board and its committees, and an overview of the Group's core programs, key strategy, financial and relevant operational documents. The induction also includes meetings with existing Directors and senior executives to ensure all relevant and material information is explained thoroughly. The induction provided to new Directors enables them to actively participate in Board decision-making as soon as possible.

The Board encourages Directors to identify opportunities for, and to participate in, continuing education. The Board actively assesses relevant conferences and presentations that are appropriate for them to attend, particularly in the field of regenerative medicine, to heighten their understanding of the Group's core technologies and industry.

In addition, presentations from management and external advisors are included in the agenda for Board meetings throughout the year to assist with keeping the Directors updated and informed on key developments in laws and the regulatory environment.

² Ms Shawn Cline Tomasello resigned from the Board in August 2022.

PRINCIPLE 3.

As part of its commitment to recognizing the legitimate interests of stakeholders, the Group has established a code of conduct (**Code**), statement of values and a suite of policies and procedures to guide all Directors and employees in respect of ethical and compliant behaviour expected by the Group. In summary, the Code requires that at all times all Company personnel act with the utmost integrity, objectivity and in compliance with the law and Company policies. More specifically, the Code covers the following:

- conflicts of interest;
- confidentiality;
- fair dealing;
- protection of assets;

CHIEF EXECUTIVE AND INTERIM CHIEF FINANCIAL OFFICER DECLARATION

The integrity of the Company's financial reporting depends upon the existence of a sound system of risk oversight and management and internal control.

Management accountability for this is enhanced by the assurances it is required to give to the Board.

The Chief Executive and the Interim Chief Financial Officer provided assurance to the Board prior to release of the Company's 2022 financial year financial statements that, in their opinion:

- the financial records of the Company for the financial year have been properly maintained in accordance with the *Corporations Act 2001* (Cth); and
- the financial statements and notes for the relevant financial period comply with the accounting standards and give a true and fair view of the financial position and performance of the Group.

The opinions of the Chief Executive and the Interim Chief Financial Officer were formed on the basis of a sound system of risk management and internal control which is operating effectively.

INTEGRITY OF PERIODIC CORPORATE REPORTS

The Company has a policy and procedures in place to ensure that periodic corporate reports which are not subject to audit or reviewed by an external auditor comply with relevant disclosure obligations under applicable laws. A copy of the Company's market disclosure and shareholder communications policy can be found at www.mesoblast.com.

PRINCIPLE 5. MAKE TIMELY AND BALANCED DISCLOSURE

CONTINUOUS DISCLOSURE

The Company has a policy and procedures in place to ensure that it identifies and discloses any information concerning the Group that a reasonable person would expect to have a material effect on the price of the Company's securities (price sensitive information) in accordance with the continuous disclosure requirements under ASX Listing Rule 3.1. The Company's policy in relation to market disclosure and shareholder communications can be found at www.mesoblast.com.

The Company has established an internal review committee which reviews all market announcements (other than routine administrative announcements) to ensure they are factual, comply with legal obligations, do not omit material information, provide a balanced view, and are presented in a clear and concise way.

The Board receives copies of all material market announcements either prior to or promptly after they have been made.

All price sensitive information disclosed to the ASX is posted on the Mesoblast website as soon as possible after it is disclosed to the ASX.

Where the Company holds a substantive investor or analyst presentation, including for our quarterly financial results, or one which contains material new information, the material used in the presentation is released concurrently to the ASX and posted on the Mesoblast website.

PRINCIPLE 6. RESPECT THE RIGHTS OF SECURITY HOLDERS

COMPANY WEBSITE

The Company provides information about itself and its governance on its website at www.mesoblast.com.

INVESTOR RELATIONS

Mesoblast's investor relations program involves scheduled and ad hoc interactions with institutional investors, private investors and sell-side and buy-side analysts to facilitate understanding of the Group's business, corporate strategy, governance, financial and operational performance and prospects.

Further, shareholders can contact us at any time through the Group's Investor Relations team. The contact details are available on www.mesoblast.com. The Board receives regular reports from our Chief Executive and Interim Chief Financial Officer regarding feedback from shareholders and analysts. This ensures Directors are aware of concerns being raised giving them a good understanding of current market and shareholder views.

Where possible, the Company arranges for advance notification of significant group briefings (including, but not limited to, financial results announcements) and makes them widely accessible. Webcasts of analysts' calls are generally available on our website at www.mesoblast.com.

SHAREHOLDER MEETINGS

The Board encourages full participation by shareholders at the Annual General Meeting to ensure a high level of Director accountability to shareholders and to enhance shareholders' identification with the Group's strategy and goals. The shareholders are requested to vote on matters such as the adoption of the Remuneration Report, the granting of securities to Directors and changes to the Constitution. Importantly, Mesoblast facilitates and encourages shareholder participation at the Annual General Meeting by providing a question forum at the meeting to address individual shareholder queries. The Company determined all resolutions at its 2021 Annual General Meeting by poll. The Board is committed to monitoring ongoing developments that may enhance communication with shareholders, including technology developments, and the Company has held its second virtual AGM in 2021 as a result of the ongoing COVID-19 restrictions.

COMMUNICATIONS

Mesoblast gives shareholders the option to receive communications from, and send communications to, Mesoblast and its security registry electronically.

PRINCIPLE 7. RECOGNIZE AND MANAGE RISK

AUDIT AND RISK COMMITTEE

The Board is responsible for satisfying itself annually, or more frequently as required, that management has developed and implemented a sound system of risk management and internal control. Detailed work on this task is delegated to the Audit and Risk Committee and reviewed by the full Board. The Audit and Risk Committee is responsible for ensuring there are adequate policies in relation to risk management, compliance and internal control systems. They monitor the Group's risk management by overseeing management's actions in the evaluation, management, monitoring and reporting of material operational, financial, compliance and strategic risks. In providing this oversight of the Company's risk management systems and practices, the committee:

- reviews the framework and methodology for risk identification, the degree of risk the Company is willing to accept, the management of risk and the processes for auditing and evaluating the Group's risk management system;
- reviews Group-wide objectives in the context of the abovementioned categories of corporate risk;
- reviews and, where necessary, approves guidelines and policies governing the identification, assessment and management of the Group's exposure to risk;

RISK MANAGEMENT FRAMEWORK

The Board is responsible for satisfying itself annually, or more frequently as required, that management has developed and implemented an effective system of risk management and internal control. Management is responsible for ensuring there are adequate policies in relation to risk management, compliance, and internal control systems. The Audit and Risk Committee monitors the Group's risk management by overseeing management's actions in the evaluation, management, monitoring, and reporting of material operational, financial, compliance, strategic, and certain Environmental, Social and Governance (ESG) risks.

The Group's risk management group is headed by the Chief Operating Officer. The risk management group is responsible for designing, implementing, monitoring, and reporting on the Group's management of material business risks and the effectiveness of the Group's risk management and internal control system. The risk management group reviews the Group's risks across its business and operations, and the Group's material business risks and risk management framework are reviewed at least annually by the Audit and Risk Committee.

In 2021, as part of the process of continual improvement, the Group developed a standardized tool to assess the Group's portfolio and corporate risk in partnership with an external risk management expert. This is in the process of being implemented. Further detail on risks can be found in the 'Risk Factors' section (Item 3.D) on the Form 20-F contained within our Annual Report.

INTERNAL AUDIT FUNCTION

In light of the size and nature of the Company's operations and activities, the Company has not established a formal separate internal audit function. The Company does have, however, a Quality Management Department with appropriate controls in place for monitoring and compliance of clinical and non-clinical studies as well as manufacturing operations. The Company also has a compliance function which establishes the controls for and monitors compliance with the Company's Code, policies, and applicable healthcare-related laws and regulations.

As part of our Nasdaq listing, we are required to comply with rules 13a-14(a) and 15d-14(a) of the Securities Exchange Act of 1934, as adopted pursuant to section 302 of the Sarbanes-Oxley Act of 2002.

To meet these requirements, the Company's management is responsible for establishing and maintaining adequate internal control over financial reporting. External auditors and the Company's management conducted an assessment of the effectiveness of its internal control over financial reporting as of 30 June 2022 and have concluded that its internal control over financial reporting was effective as of that date.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE (ESG) RISKS

The Group monitors its exposure to risks, including ESG risks. The ESG Statement at Item 4A of the Annual Report sets out at a high level the Group's approach to ESG matters.

ESG issues previously identified in analysis with the assistance of an external consultant are associated directly or indirectly with risks reported in the 'Risk Factors' section (Item 3.D) on the Form 20-F contained within our Annual Report. At this stage the Board does not consider that the Group has any material exposure to ESG risks which are not disclosed through the 'Risk Factors' section.

PRINCIPLE 8. REMUNERATE FAIRLY AND RESPONSIBLY

NOMINATION AND REMUNERATION COMMITTEE

As mentioned above in Principle 2, the Board has established a combined Nomination and Remuneration Committee. The Nomination and Remuneration Committee advises the Board on remuneration and incentive policies and practices generally and makes specific recommendations on remuneration packages and other terms of employment for executive Directors, other senior executives and non-executive Directors. Committee members receive regular briefings from an external remuneration expert on recent developments on remuneration and related matters. Details of the committee's charter, role and responsibilities, composition, structure, membership and attendance of meetings by members can be found under Principle 2 of this statement.

NON-EXECUTIVE DIRECTOR REMUNERATION POLICY

Non-executive Director remuneration consists of Director fees. In addition, certain non-executive Directors were granted options following authorization from shareholders. SHARE TRADING POLICY

The Company has developed a share trading policy which governs the trading of the Company's shares by Directors, employees and key consultants of the Company – who collectively are known as 'Mesoblast Personnel'. Mesoblast Personnel are not permitted to trade in the Company's securities during the period starting a week prior to the last business day of the month prior to the release of our quarterly financial results, and ending one day after the release of those financial results. The Board may also impose blackout periods during other periods as advised by the Board from time to time.

In addition, no person is able to trade in the Company's shares whilst in the possession of material inside information, and nor are they able to influence any other person with regard to trading in the Company's shares.

The share trading policy prohibits Mesoblast Personnel from trading in the Company's derivatives. This prohibition is in place to prevent such personnel from limiting their economic exposure to risk arising out of an element of remuneration which has not vested, or which has vested but remains the subject of a disposal restriction.
